**GERMANS AGREE IN
PRINCIPLE TO ALL
DEMANDS OF ALLIES****Ask Explanation of Cer-
tain Articles in the
Agreement**

By Associated Press Leased Wire
Spa, July 16.—The German delegates at the conference here agreed in principle with the terms submitted to them by the allies, as to Germany's deliveries of coal, but will ask for the explanation of certain articles in the allied demand. They made this announcement just before entering into conference with the allied ministers this afternoon.

By Associated Press Leased Wire
Spa, Belgium, July 16.—The German delegation at the conference here sent word to the supreme council this morning that the German reply to the allied ultimatum on coal deliveries would not be ready before 4 o'clock this afternoon. The Germans are expected to ask modification of the terms of the protocol.

The reply was due at 11 o'clock this morning.

From what could be learned during the morning the thing that was standing in the way of acceptance by the Germans of the allied terms was the clause providing for occupation of the Ruhr valley unless the coal deliveries reached a total of 6000 tons by October 15.

Dr. Walter Simons, the German foreign minister, told his colleagues that this subject had not been mentioned during his conversation with Premier Lloyd George and Millerand yesterday, when a verbal agreement was virtually reached. The Germans, it appears, were greatly annoyed to find it in the text of the terms handed them in the note of last night.

**Roosevelt Back at
Work at Washington**

By Associated Press Leased Wire
Washington, July 16.—Franklin D. Roosevelt, assistant secretary of the navy and democratic vice presidential nominee, arrived in Washington today from his home in New York. He went direct to his office at the navy department and immediately set to work to clear his desk of accumulated work.

He relieved Admiral Coontz, chief of naval operations, who has been acting secretary during the absence of Secretary Daniels and Mr. Roosevelt. Navy department employees planned an impromptu celebration this afternoon at which they hoped Mr. Roosevelt would make an address. Mr. Roosevelt will attend the conference Sunday between President Wilson and Governor Cox at the White House and will return to Dayton with the governor for the meeting of the Democratic national committee Monday and Tuesday. The vice presidential candidate said plans would be made at this meeting for the speaking tours of the Democratic candidates.

**All Candidates to
Attend Notification**

By Associated Press Leased Wire
New York, July 16.—All Republicans whose names were placed in nomination for presidency at the Chicago convention have been invited to attend the Harding notification ceremonies at Marion, O., next week, as guests of honor. It was announced today.

Invitations have also been telegraphed to the six former Republican national chairmen, who will constitute a committee to assist in receiving distinguished visitors at the ceremonies. Acceptances have been received from Frank H. Hitchcock, William R. Wilcox, Charles B. Hilles and George B. Cortelyou, of New York and from Senator Harry S. New of Indiana.

**Charges Pact to
Keep Jersey Wet**

By Associated Press Leased Wire
Newark, N. J., July 16.—Samuel Wilson, assistant superintendent of the Anti-Saloon League of New Jersey, in a statement forwarded today to State Attorney General McCran, State Supreme Court Justice Swazee, county judges and prosecutors, charged that "a tacit agreement exists between county authorities and saloon and race track men to keep New Jersey 'wet.'"

**Deny U. S. Officer
Killed at Trieste**

By Associated Press Leased Wire
Washington, July 16.—Reports from Trieste that an American naval officer had been killed in the recent street fighting at Spalato, were denied today in a cablegram from Rear Admiral Andrews commanding American naval forces in the Adriatic.

**Pat Moran Signed
Two Year Contract**

By Associated Press Leased Wire
Cincinnati, July 16.—August Herrmann, president of the Cincinnati Nationals today announced that Manager Pat Moran had signed a contract to manage the team during the seasons of 1921 and 1922.

**THIRD BOLT OF
WEEK IN THIRD
PARTY CIRCLES****Some of 48ers Pulled
Away From Orig-
inal Group**

By Associated Press Leased Wire
Chicago, July 16.—Formation of another new party was taken up here this morning by members of the committee of 48, who dissented from the decision of their convention last night and felt such action imperative. Among them were Allen McCurdy, secretary of the Committee of Forty-eight and keynote speaker at opening of its convention here last week, and Judge Wray of Nebraska.

One of the points of disagreement between the group meeting this morning and the line of action adopted by the committee of 48 convention yesterday was its refusal to endorse or condemn the new Farmer-Labor party. Mr. McCurdy has taken a vigorous opposition to the platform of the new Farmer-Labor party.

This morning's conference marks the third bolt of the week. Non-Partisan League delegates to the Committee of 48 from South Dakota first abandoning it for the Labor party convention, members of the Committee of 48 later quitting the Farmer-Labor party and today's group finding itself out of accord with the last action of the Forty-Eighters.

**Big Boat Race at
Duluth Tomorrow**

By Associated Press Leased Wire
Duluth, Minn., July 16.—Syracuse and Duluth oarsmen rested today after several weeks preparation for tomorrow's meeting of two of the leading eighties in the United States—Syracuse, strong in intercollegiate rowing and Duluth the champions of club rowing.

Coach Van Eyck, Sr., is mentor of Syracuse rowing; Coach Van Eyck, Jr. his son coaches Duluth Boat Club crews.

**King Albert Thanks
Legion for Service**

By Associated Press Leased Wire
Indianapolis, Ind., July 16.—Admiration and gratitude for the American soldiers who gave their lives in the victorious battle of Chateau-Thierry two years ago today was expressed by Albert, King of Belgium, in a message to the American Legion weekly, sent on the eve of the anniversary of that battle.

**Await Outbreak by
Gang Mex Rebels**

By Associated Press Leased Wire
Laredo, Texas, July 16.—There was much speculation here today as to the next move of a force of rebels which yesterday attacked Nuevo Laredo, the Mexican town opposite, and was driven off with casualties. Since their repulse no word had been received here as to the whereabouts of the band, said to number about 300 men.

**Mason City Youth
Shot Girl and Self**

By Associated Press Leased Wire
Mason City, Ia., July 16.—Fred Rastad, 24, in a fit of jealousy shot Lela Shaffer, 20, through the mouth late last night and then shot himself through his forehead. Both will probably recover. Rastad shot at the girl three times but only hit her once.

**Railroads Must Not
Take Utilities Coal**

Washington, July 16.—Railroads of the country were warned today by the Interstate Commerce Commission to refrain from confiscating coal consigned to government departments and to common carriers and to other public utilities.

**Mrs. Lucie Barber, 90,
Passed Away at Polo**

Polo, July 15.—Mrs. Lucie Barber died at her home in Polo last evening at 9:30 o'clock. She ate her supper and felt in her usual state of health but about 8 was taken ill. She celebrated her 90th birthday, July 4.

TO COUSIN'S FUNERAL.
Mr. and Mrs. John Florschuetz and daughter, Miss Henrietta, went to Mendota today to attend the funeral of a cousin, the late Charles Erbes.

Attorney Martin Gannon is transacting business and calling on friends in Harmon and Nelson township today.

Generally fair tonight and probably Saturday; not much change in temperature.

LOCAL TEMPERATURE.

The range of the local temperature during the 24 hours ending this morning was between 85 and 51 degrees above zero.

**SMALL GRAIN CROPS
IN ILLINOIS TO BE
UNDER 1919 TOTALS****Crop Reporting Service
Says Oats Are Only
Exception**

By Associated Press Leased Wire
Springfield, Ill., July 15.—Illinois' yields of smaller crops this year, excepting oats, will fall below last year's record, according to estimates of the Illinois Co-operative Crop Reporting Service, based on reports of 1,200 crop correspondents throughout the state, and included in federal and state joint crop report just issued.

Estimates as compared with last year's yield are as follows:

Winter Wheat—27,752,000 bu.; last year, 57,800,000 bu.

Spring Wheat—7,800,000 bu.; last year, 7,875,000 bu.

Oats—137,789,000 bu.; last year, 123,060,000 bu.

Barley—5,717,000 bu.; last year, 5,724,000 bu.

Rye—3,400,000 bu.; last year, 4,125,000 bu.

Crops of apples, peaches and pears will all exceed last year's production, according to indications. The crop of apples in June was 75 per cent normal and crops of peaches and pears were both 70 per cent normal.

Conditions of other various minor crops of the state on June 1 were reported as follows: Clover for hay, 87 per cent normal; alfalfa, 98; pastures, 99; field peas, 93; field beans, 85; cab-bages, 84; onions, 91; black berries and raspberries, 92; watermelons, 80; muskmelons and canteloupes, 82; sugar beets for sugar, 90; cherries, 67.

Many Insect Pests.

Cool weather in May had a good effect on winter wheat but work of insect pests and too much moisture overcame the advantage, and the crop deteriorated during the month. Late sown wheat has done much better than that sown early. Wheat is leading in southern section.

Although acreage of spring wheat has been reduced, and conditions have been against it, prospects are excellent. Unfavorable conditions also reduced the acreage of oats, but farmers have exceeded their promise in seeding, and have planted 93 per cent of the 1919 acreage. Barley, also in smaller acreage, needs favorable weather to overcome the handicap of cold weather and wet soil.

Prospects for the hay crop are poor. Growth has been slow due to cold weather and moisture. Southern Illinois reports serious damage to grass by army worms. Much clover was winter killed. There was some winter killing of alfalfa. Cutting of this crop is under way in central and southern sections.

**Will Announce Rail
Wage Awards Tues.**

By Associated Press Leased Wire
Chicago, Ill., July 16.—Announcement of the railway wage awards published in Chicago today are incorrect, according to G. W. Hanger, a member of the United States Railway Labor Board.

"Official announcement of the wage awards," said Mr. Hanger, "will undoubtedly be made next Tuesday between 11 and 12 o'clock in the morning. The report carried in today's newspaper is substantially incorrect, unauthorized and will tend to do more harm than good."

**Tampico Streets are
Controlled by Militia**

By Associated Press Leased Wire
Mexico City, July 15.—Managers of petroleum companies at Tampico have appealed to General Manuel Pelaez, military governor of the state of Tamaulipas, to prevent alleged Bolsheviks from forcibly hindering laborers from working. General Pelaez has placed the streets of Tampico under military control, according to the Excelsior.

Gilbert Valenzuela, under-secretary of the interior, is quoted by the same newspaper as saying Bolsheviks are being watched by government agents.

BACKED INTO BIG TREE

A. C. Resek's Ford touring car was slightly damaged last evening in Lowell park when it backed into a big tree. Mr. Resek was turning the car preparatory to leaving the park and did not take notice of the big tree until the car came to a sudden stop. The rear of the machine was damaged slightly but none of the occupants were injured.

MAY NOT LIVE.

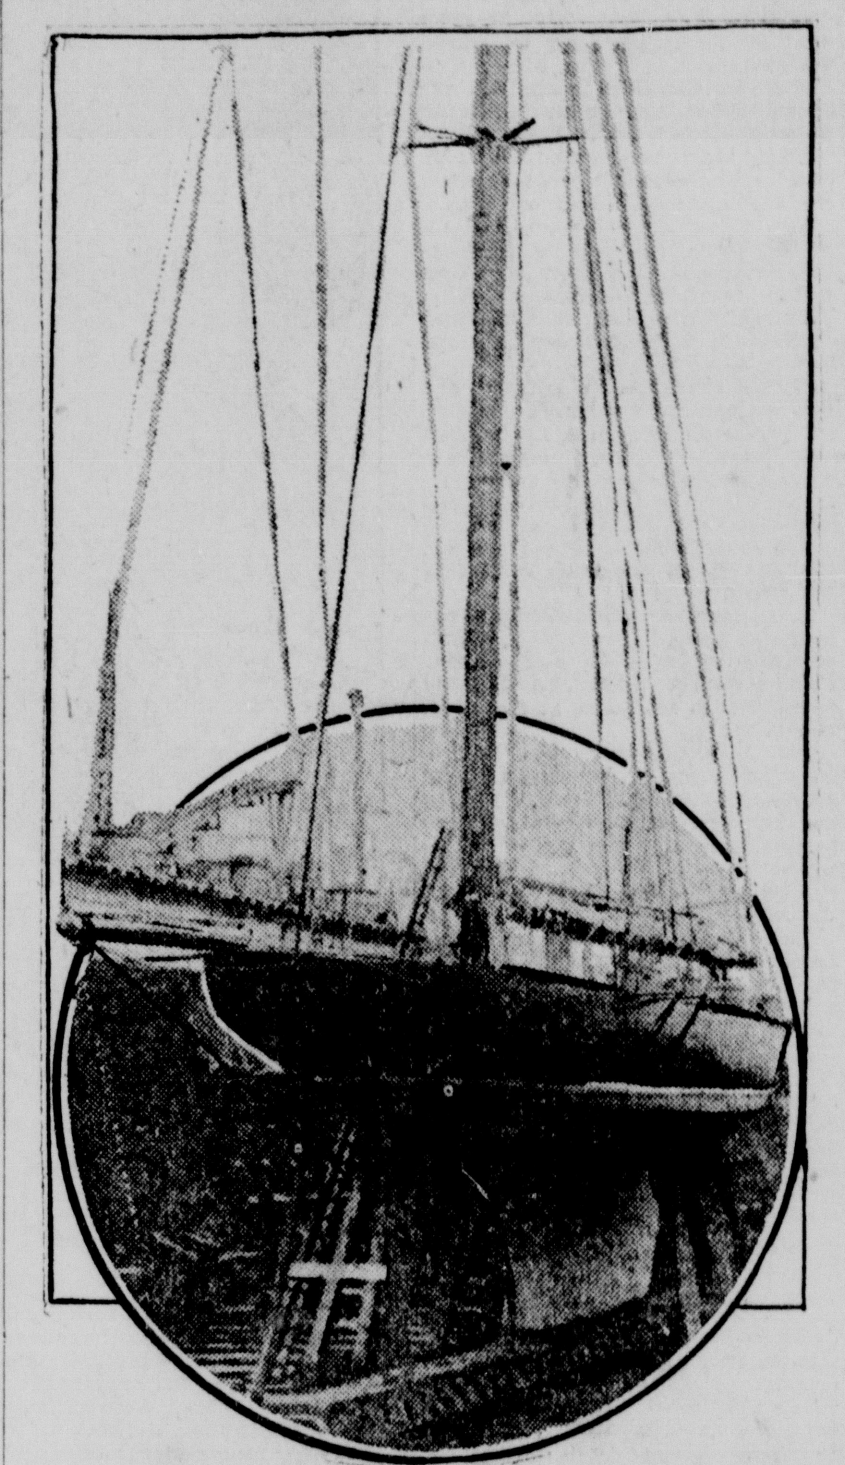

Mrs. B. F. Johnson received a telegram last evening from Boise, Iowa, saying that her sister Mrs. Emeline S. Allen, of East Morgan street, this city, who is in St. Alphonsus Hospital, Boise, Ia., where she underwent an operation for the removal of her left forearm, is not expected to live.

GOLFERS TO PRINCETON

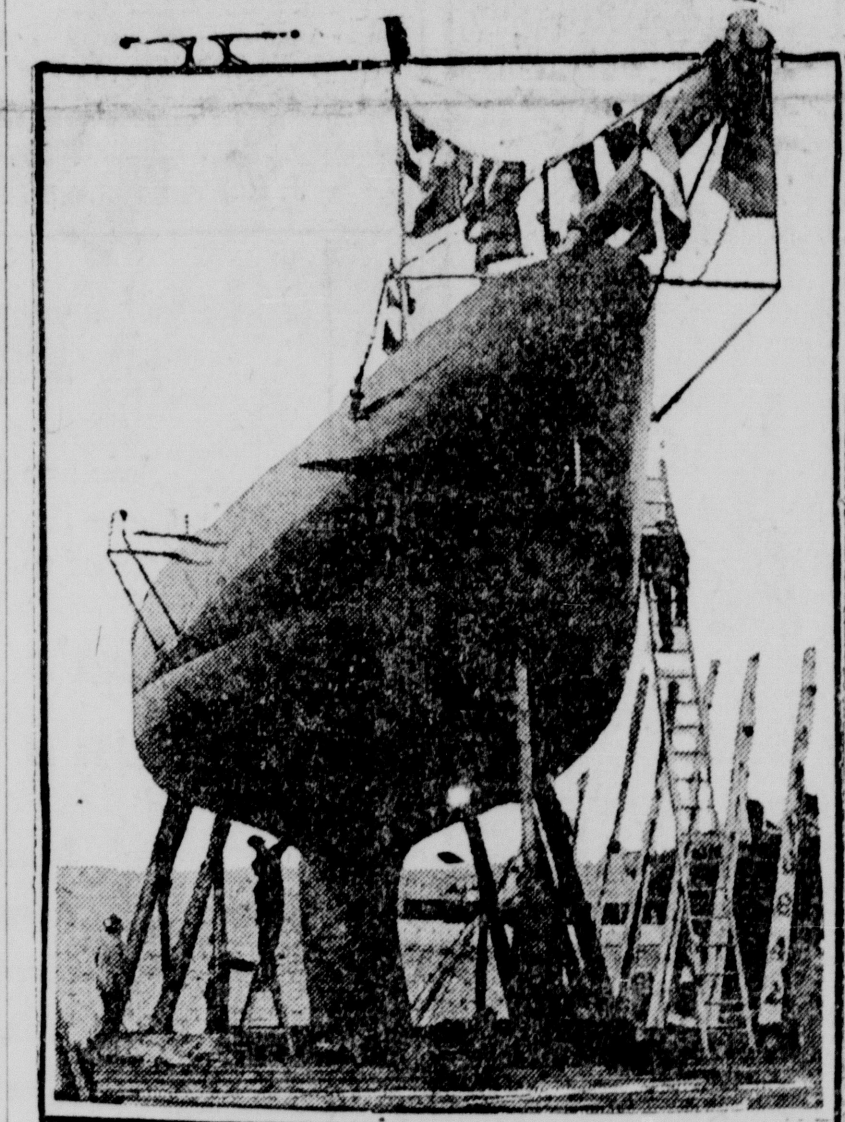

O. M. Rogers, E. B. Raymond, H. E. Roe and Dr. F. L. Hamilton forming a party from the Dixon Country club who motored to Princeton Thursday where they enjoyed a round of the Bureau county golf links.

MANY HEARD CROWD.

Another very large crowd heard and enjoyed the concert by the Municipal Band at ohn Dixon park last evening. Next week's concert will be played at the Nachusa Tavern.

**TAKE A PEEP AT RESOLUTE'S
UNDERPINNING—IT'S TINY**

While the races are in progress off Sandy Hook the above picture shows the part of the Resolute which will be out of sight. The witnesses of the big derby the America's cup defender will appear as a cloud of white canvas sails.

AND HERE'S THE SHAMROCK

When the Shamrock rested in dry dock for a final repainting and the last-minute measurements she resembled a great green sea monster. Her body is much more sturdily looking than the rather frail appearing defender. She sports a peculiar hull.

**Elks Will Enjoy
Day in Woods on
Thursday, July 29**

Dixon Elks will enjoy a day in the woods this month and extensive plans are under way for entertaining the lodge members on this occasion. At a special meeting of committees held at the club parlors last evening, it was decided to hold the annual stag picnic at Elks' park east of the city Thursday, July 29. Committees were assigned to their various duties and arrangements for entertaining the bulk of the membership on that day are now under way.

The committeemen gave out no details of what will be done in the way of entertainment other than stating that there would be plenty doing during the afternoon and evening with a program of sufficient size planned to provide pastime for every member. The house committee will meet in a few days to receive its instructions, which it is understood are lengthy. Other information will be sent out to the members and announced later.

E. D. Alexander returned last evening from Chicago.

**RESOLUTE'S SKIPPER
NOT CHAGRINED OVER
DEFEAT BY ACCIDENT****Defender Will be Fixed up
For the Saturday's
Race**

By Associated Press Leased Wire
Sandy Hook, July 16.—Repairs on the cup sloop Resolute, whose throat halyards parted in yesterday's race when victory over the Shamrock IV seemed well in hand, proceeded rapidly today and there was every prospect that the defender would be in readiness for another trip in the America's cup race off Sandy Hook tomorrow.

Captain Charles Francis Adams, the cup yacht skipper, did not seem unduly chagrined over the accident that robbed him of fine chance of victory.

Sailors on the Resolute declared the Lipton challenger cannot lift the cup pointing out that the 15-mile beat to windward yesterday in light airs, in which the Lipton sloop is supposed to show to best advantage, the American sloop beat the Englishman, boat for boat.

Shamrock, Crew Happy.

The Shamrock's crew were happy today aboard their tender Killarney, while Sir Thomas Lipton beamed with good humor on visitors who called to congratulate him on board his steam yacht, the Victoria.

The accident to Resolute coming on top of three other major mishaps earlier in the season had a tendency to somewhat shake the faith in the ability of the American boat to hold to together until the end of the season.

The two yachts have yet to test their relative abilities down the breeze or broad off under large reaching sails. This is expected to come tomorrow in a 30-mile race over a triangular course.

JOY IN IRELAND

By Associated Press Leased Wire
Belfast, July 16.—News that the Shamrock IV, had won the first race against the Resolute in the series for the America's cup was received amid joyous scenes at Bangor Down last night, because in the event of the ultimate victory of Sir Thomas Lipton's yacht, future races will occur there.

**Grand Detour Shell
Diggers Get \$10,000
For Week's Shipment**

Some idea of the importance of the clamming industry in the vicinity of Grand Detour can be gained by the fact that a La Crosse, Wis., shell buyer yesterday shipped from Dixon, three car loads of clam shells taken from Rock river by Grand Detour clam diggers. This amount does not represent the entire catch for the month of June, as many shipped shells about three weeks ago, while others are holding their harvest for a higher price.

About 150 tons of shells dug from the bed of the river within a radius of a half mile up and down the river at Grand Detour, were shipped. These shells sold for \$70 per ton, the highest price yet received for shells by the diggers and representing \$10,000 worth of shells in one shipment. Shells have taken another jump in price this week, buyers offering \$80 per ton on the ground for the Rock river shells.

**Ukrainians Halt
Reds' Advances**

By Associated Press Leased Wire
Berne, July 15.—The Russian Bolshevik offensive in the Ukraine has come to a standstill, according to advices from Bucharest which declare the counter-offensive of the Ukrainian force is making progress.

DRIVING POLES BACK.

By Associated Press Leased Wire
London, July 16.—Continued success by the Bolsheviks in their operations against the Poles along the northern sector of the front is announced in Thursday official statement from Moscow.

(A special dispatch from Kovno received in London Thursday night reported the occupation of Vilna by the Bolsheviks. This has not been officially confirmed, but Warsaw advices today say the Poles have agreed to occupation of Vilna by Lithuanian troops. The signing of a peace treaty between Lithuania and Soviet Russia was reported July 15).

**Chief of Railway
Mail Clerks Meets
Brotherhood Heads**

By Associated Press Leased Wire
Chicago, July 16.—E. H. Fitzgerald, grand president of the Brotherhood of Railway Clerks arrived here today for a conference with executives of the sixteen recognized railroad organizations. At a mass meeting Monday night, plans were perfected for the immediate calling of a strike if the awards of the United States labor board now in session here are not satisfactory.

Miss Leona Durkes is home from the Emma Willard boarding school for girls in Trop, N. Y. She was accompanied by Miss Martha Maxwell, of Clarksville, Virginia, who will be a guest at the Durkes home for two weeks.

**RUSS EMPRESS
AND CHILDREN
BURNED ALIVE****Former Courier Tells
of Horrible Fate of
Royalty**

By Associated Press Leased Wire
Paris, July 16.—The Russian empress and her children were burned alive after the execution of Emperor Nicholas at Ekaterinburg it is alleged in a statement attributed to Alexis Dolrovtz, formerly courier to the empress, published here today. Dolrovtz said he made vain attempts to save his mistress and her children.

The empress and the children, Dolrovtz declared, were taken to a wood near Ekaterinburg. Brushwood was gathered, a huge fire made into which the royal victims were forced. Every time they sought to get out of the flames, Dolrovtz said, they were driven back at the point of the bayonet.

Tatiana, the empress' second daughter, fled from the fire three times and eventually fell pierced through by a bayonet. The empress and Alexis, heir to the throne clasped in close embrace, walked into the flames.

**Half of Chicago's
Street Cars Were
Running This Morn**

By Associated Press Leased Wire
Chicago, Ill., July 16.—Street car service here, shut off almost completely yesterday by the strike of 200 electrical employees, will be at least 50 per cent normal today, officials of the street car company announced. The places of the strikers in sub-stations supplying current for the company were being filled as rapidly as possible according to Williston Fish, general manager.

Normal service will be restored within 48 hours, company officials said. Meanwhile the elevated lines carried double the usual number of passengers and railways added extra suburban trains and cars. Besides the electrical workers, several hundred employees are involved in the wage controversy, principally shop employees. Motormen and conductors reported for duty and engaged in games near the car barns while waiting for a chance to take out their cars.

**Harding Speech to
Interpret Platform**

By Associated Press Leased Wire
Marion, O., July 16.—Senator Harding kept hard at work today on his speech accepting the Republican nomination for president. Although the address is not to be delivered until next Thursday, he kept his callers' list at a minimum and devoted virtually all of his time to the manuscript in the hope of completing it by tomorrow night.

As an interpretation of the Chicago platform, the acceptance speech is expected to be the real keynote of the Republican campaign. The senator is taking unusual care therefore, to make certain that it touches comprehensively on all of the important issues and lays a broad basis of the party's fight for popular support.

In his declaration yesterday regarding the new Farmer-Labor party some of the senator's friends saw indication that the Republican attitude toward the farmer and the laborer might come in for particular attention. The candidate himself has revealed none of his intentions regarding the speech, but he expressed confidence yesterday that the Republican platform would be found progressive enough to command the support of both the farming and laboring classes.

**Woman Held When
Man Died in Auto**

By Associated Press Leased Wire
New York, July 16.—An unidentified well dressed man who was found with five gunshot wounds in his body here today, died as he was being rushed to hospital for treatment. Miss Loretta Leroy who took the man to a hospital in her limousine, told the police she found him in a dying condition and had him placed in her car by her chauffeur, Wilson Jackson, and an Italian, Pasquale Dinare.

After the slain man was taken to the hospital, a revolver was found in Miss Leroy's automobile and she and her two companions were held by the police.

Belief was expressed by the police, however, that the victim was shot by a shot gun because of the size of the wounds.

**Mrs. R. L. Wilhelm
Died This Morning**

Mrs. Russell L. Wilhelm passed away at the hospital this morning at 5 o'clock, death following an illness of several months duration. She had been quite ill for several weeks and had been confined to the hospital for more than a month. The obituary notice and funeral announcement will be published later.

POPULATION

By Associated Press Leased Wire
Washington, July 16.—Census figures announced today:

Council Bluffs, Ia., 36,162, increase 6870 or 23.5 per cent.

Roseburg, Ore., 4381, decrease 357, or 7.5 per cent.

**GAS SCHEDULE WILL
BE EXTENDED WHEN
RESERVOIR IS FULL****Whistles Will Warn of Un-
expected Shutting off
of Service**

Adherence to the schedule of hours for gas service in Dixon, as announced in The Telegraph last evening will be made as flexible as is possible, and if on any day it is found that sufficient gas has been accumulated in the reservoir to meet compliance with the hours for service will not be insisted upon and the service will be continued as long as is safe.

This announcement was made to the Telegraph this morning by L. G. Adams, engineer in charge of the gas services of the Illinois Northern Utilities Co. He stated that the hours were determined upon at a meeting with Mayor Smith, and were announced in order that all patrons may be prepared for service being stopped at 12:30 p. m. and 7 p. m.; and should the service be continued after those hours no dependence should be placed on its continuing for any great length of time.

Warning Whistles
On the other hand, should the company find that because of circumstances over which it has no control it shall be necessary to stop the service before the scheduled hours for shutting it off, a warning signal of three blasts will be blown by the water works whistle, and upon hearing those three blasts patrons should not expect the gas to continue over an hour.

Varying consumption of the product makes it almost impossible to evolve any set schedule which can be followed closely and provide maximum service for patrons and at the same time keep a safe supply of gas in the reservoirs.

So, until further notice, the hours during which the gas supply will be maintained will be from 5:30 a. m. to 12:30 p. m. and from 5:30 p. m. to 7 p. m., with such exceptions as the company finds it possible to give.

FOR NEW FIRE DEPT.

By Associated Press Leased Wire
Memphis, Tenn., July 16.—Members of the city commission were making plans today to reorganize the Memphis fire department without a union agreement as a result of the resignation of the members of the Fire Fighters' Union composing virtually the entire personnel of the department.

Meantime, six hundred volunteers, including business and professional men were standing watch at the fire station in eight hour shifts.

**Galveston's Cops
Relieved of Duty**

By Associated Press Leased Wire
Galveston, Texas, July 16.—Galveston's municipal officialdom today found itself superseded by members of the Texas militia with the carrying into execution by Brigadier General J. P. Wolters of orders issued yesterday by Governor W. P. Hobby that city authorities should be suspended and restrained from interference with enforcement of the state's penal laws. The governor's order marked another chapter in the dock workers' strike here, results of which brought about martial law in this city a month ago.

The state commissioner issued a statement this morning denying categorically Governor Hobby's charges of neglect of duty in connection with the strike and accusing him of trampling the rights of citizens under his feet.

**Dixon Knights Will
Attend Big Meeting**

Members of Dixon Commandery, No. 21, Knights Templar are making arrangements to attend the annual convocation of the grand commandery of Illinois which will be held at Rock Island, September 1, 2 and 3. Practically all of the members of the Dixon commandery expect to attend and participate in the mammoth parade. They will be headed by the drum and bugle corps, which is made up of commandery members and which has attracted state wide attention.

At the convocation at Rock Island, Grand Warden Louis L. Emmerson of Springfield, secretary of state, will conclude his services as head of the grand commandery of the state and his successor will be selected.

**Live Stock 'Change
Meeting in Chicago**

Chicago, July 16.—The National Live Stock Traders Exchange, including representatives from principal trades' exchanges throughout the country, held its annual business meeting here today. Brigadier General Frank S. Lickson, head of the Illinois military forces, Governor Lowden and John Fletcher, vice president of the Fort Dearborn bank, are the speakers for today's and tomorrow's luncheons.

SUGAR ALL SOLD

Manager Bradford Britton of the Grand Detour division called the Telegraph this morning to state that the little notice printed last evening, to the effect that any citizen could get a sack of the sugar the company purchased, had brought wonderful results. The entire carload of the sugar had been sold at an early hour today.

Today's Market Report

(By Associated Press Leased Wire.)

Wheat Prices Took Big Drop This Morn

By Associated Press Leased Wire
Chicago, July 16.—Extraordinary weakness developed in the wheat market today, and prices made a steep descent. The December delivery in which most of the trading centered fell more than 10 cents a bushel before showing signs of a rally. There was a notable lack of buying orders. Bearish weather reports from the northwest and talk of money scarcity explained in some degree the action of the market. A part of the selling was said to be on foreign account. Opening prices which ranged from the same as yesterday's finish to 9 1/2¢ lower, with December \$2.60 1/2, to 2 3/4¢ and March \$2.74 were followed by further decline to 2.60 for December and then a reaction to 2.62.

In the corn pit, there was active selling on the part of the same commission houses that were conspicuous on the bear side yesterday. Demand was lacking except from shorts. After opening 1 1/4¢ down to 1 1/4¢ advance, including September at 1.50 to 1.50 1/2 the whole market declined sharply but later recovered most of the loss.

Oats weakened with other grain. September opened 1/4¢ off to 1/4¢ up at 75 1/2¢, declined to 75 1/2¢ and then turned up.

Provisions were steady to firm in sympathy with an advance in the hog market.

WOMEN WILL TAKE A HAND IN PURSUING THE PROFITEER

Society

GRACE MISSIONARY—

The Missionary society of the Grace Evangelical church held a most delightful meeting at the beautiful country home of Mrs. Herman Hughes on Tuesday. This was the annual all-day meeting of the society and was marked by a bountiful scramble dinner at noon. Chicken, with biscuits and gravy, were generously added to the meal by Mrs. Hughes. Over ninety were in attendance and a picture of the company was taken by Mrs. Hughes. The program after the dinner was an interesting one, arranged by Mrs. H. M. Hey and Mrs. Hughes, who entertained the society. Rev. C. G. Unangst, a guest, took charge of the scripture lesson and offered prayer. The leaflet, entitled, "A Good Neighbor," was read by Mrs. Hughes. Mrs. L. N. Deutsch gave two greatly enjoyed readings, poems by Carrie Jacobs Bond. Miss Gertrude Rogers took charge of the lesson topic, "Christian Americanization, or a Task for the Churches." Musical numbers were given by the children of the hostesses. Mrs. Hey's children gave a beautiful vocal duet and the Hughes children a pleasing piano number. Mrs. L. N. Deutsch gave the program, with Mrs. C. G. Unangst presenting the plan of work for the society prepared by the Ways and Means committee at the recent convention in Chicago on which she served as chairman. Four new members were added to the society. Before leaving for home the guests were served with orange sherbet and cake and a Chautauqua salute was given by all present to the hostesses for their gracious hospitality.

W. R. C. G. A. R. PICNIC—

Ideal weather and a charming hostess combined to make of the Woman's Relief Corps and Comrades of the G. A. R. Post picnic of Thursday a most delightful affair. Mrs. J. W. Watts had opened her cottage at Assembly Park to the picnickers and on tables on the lawn to the rear of the cottage the sumptuous picnic dinner was served. Comrades of the Post and members of the Corps were there with their families, the company numbering about a hundred. Such an array of good things of every conceivable food as tempted the appetite and pleased the eye! As the centerpiece of the table a handsome cake was used. The cake, a large frosted creation, bore in the icing a design of two flags, carried out in the colors, red, white and blue, with the letters, W. R. C., above the crossed flags and the letters, G. A. R., below them, done in chocolate icing. The cake was made by the fourteen-year-old daughter of one of the members of the Corps and was a work of art as well as a most toothsome dainty. For two hours after the dinner the company was entertained by stories, told by

members of the Post, anecdotes of the War of the Rebellion, with remarks by the ladies interspersed throughout the program, and with a number of songs. The day was one of unmixd pleasure.

SUNSHINE CLASS PICNIC—

With sixty members and their friends in attendance, the Sunshine Class of St. Paul's Lutheran Sunday school held its picnic at Assembly Park on Thursday afternoon just as planned. There was naught to mar as weather and the fates had evidently agreed to make the occasion ideal. To add to the pleasure of those present, two former class members from out of town were there, Mrs. Vera Wolverton, of Omaha, and Mrs. Emma Brader, of Oregon, Ill. After the picnic supper, complete in every detail and excellent, Alonzo Boyer gave those who wish to go boating, a decided treat, taking them out in his launch for a ride on the river. Games and general sociability occupied the remaining time.

CHILDREN'S PARTY—

Little Miss Mary Louise Downing, daughter of Mr. and Mrs. B. F. Downing, entertained very elaborately last evening twenty-one of her little friends with a lawn party. Dancing and games were enjoyed on the prettily lighted lawn.

AT REV. G. A. GRAF HOME—

Mrs. Fred Ide and two children returned to Dixon with the former's father, Rev. G. A. Graf, from Monticello, Ia., their home, where Rev. Mr. Graf had been visiting. They will visit here for a time.

PICNIC FOR CHILDREN—

Mrs. C. J. Rosbrook entertained the little friends in her neighborhood with a picnic at Assembly Park. Little Miss Mack, daughter of Mr. and Mrs. Herman Mack, of the Lexington Hotel, Chicago, was one of the guests.

Sister Mary's Kitchen

The woman who lives several miles from a grocery store always wants plenty of lemons on hand but sometimes hesitates to buy them by the dozen for fear of waste.

Lemons can be kept in cold water to cover for an almost indefinite period. Of course the water must be changed every day or so but the satisfaction of knowing there's a lemon in the house more than makes up for the effort.

I always keep plenty of lemons in the house and feel prepared for any emergency. Cold tea or hot tea is made or ruined by the presence of absence of this fruit.

Menu for Tomorrow.

Breakfast—iced currants, scrambled eggs, corn muffins, coffee.

Luncheon—Salmon croquettes, new peas in cream sauce, chocolate cream cakes, tea.

Dinner—Consomme, mock filet Mignon, baked potatoes, buttered cauliflower, romaine salad, raspberry water ice, cake, coffee.

My Own Recipes.

These salmon croquettes are very good and do not necessitate deep fat frying. While the deep fat friend dish never seems hearty and heating when it reaches the table it is sort of a hot process for the cook.

SALMON CROQUETTES.

1 cup cooked salmon.
1 cup mashed potato.
1 egg.
1 tablespoon lemon juice.
Salt and pepper.
Four lemon juice over fish. Mix

fish and mashed potato thoroughly. Add egg and seasoning and beat well. Make into small croquettes. Put in a pan with melted butter, put a bit of butter on each croquette and bake in a hot oven.

RASPBERRY WATER ICE.

2 quarts raspberries.
1½ cups sugar.
2 cups water.

Sprinkle berries with sugar and let stand two hours, tightly covered. Rub through a coarse sieve. Add water and freeze. To freeze use three parts of ice to one of coarse salt.

Think of the days when a nickel would buy a sudsy ice cream soda?

DIDN'T SEE A WELL DAY IN THIRTY YEARS

Springfield Woman Says Tanlac Has Been Greatest Blessing of Her Life.

"I can't recall even one day during the past thirty years that I was free from suffering but now I am happy to say that I am a perfectly well woman," said Mrs. Katie Pampkin of 711 North Seventeenth Street, Springfield, Ill., while telling of her recent remarkable recovery by taking Tanlac.

"I am sixty-eight years old and for nearly half of my life I have been in constant pain and suffering. I got little or no pleasure out of living and, to tell the truth, I was so discouraged and despondent that I could see nothing ahead for me but years of sickness. I had an awful case of indigestion and my appetite had gotten so poor I actually hated to go to the table for I didn't want to even look at anything to eat. The little I forced down hurt me and gas would form on my stomach so bad I could hardly bear it. My heart would palpitate awfully and I would get so choked up I thought each breath would be the last. I was subject to terrible cramping spells that made me so weak I would break down completely and have to go to bed. Dizzy spells often came on me and I had to hold onto something to support myself. My kidneys became badly disordered and how in the world I stood the pains in my back is more than I can see. Why, I couldn't get relief either sitting down or laying down. Of course my nights were simply misery for I had actually forgotten what sound peaceful sleep was. This is the way I suffered for thirty years and I had reached the stage where no possible hope was held out for my recovery.

"One day one of my neighbors came in to see me and she was looking so much better and stronger than she had been, I asked her what was the cause of it all. She said she had been

taking Tanlac and advised me to try it and I just can't tell how happy I am that I did. I can hardly realize that I am at last free from all my trouble for it seems almost too good to be true. I am never bothered at all from any kind of stomach trouble and I have a splendid appetite and enjoy everything I eat. I am no longer troubled with those weak, fainty spells nor with attacks of dizziness. My kidneys are in good condition and my back never hurts me in the least. I sleep soundly and seem to have unusual strength and energy for a person of my age. I feel as well as I did when I was a girl and I just can't find words to express my joy. Tanlac has been the greatest blessing of my life and I will praise it as long as I live."

Tanlac is sold in Dixon by the Public Drug and Book Co., and by the leading druggist in every town.

Investigating Jap Conditions in West

By Associated Press Leased Wire
Stockton, Calif., July 16.—The House of Representatives committee of naturalization and immigration having spent the past few days at Sacramento in hearing testimony on the Japanese situation in California was to resume its labors here today.

Up to date the committee has viewed numerous towns and country sections, where according to evidence, Japanese merchants and farmers were in the majority.

The committee has not formulated any report yet, but five of the members have stated publicly that they believe from their investigations that steps should be taken to curb the influx of Japanese and to regulate the social and economical life of those already here.

The process by which enormous
profit are made, but do not appear
on the books, has had a flood of light
thrown upon it in the hearings be-
fore the Anthracite Coal Commission,
which is trying to determine what,
if any, increase in wages should be
granted to the miners.

The consulting economist for the
mine workers presented to the com-
mission a history of the control of
the anthracite coal industry, which
is a little short of amazing in its
revelations of the methods by which
the anthracite railroads have concealed
profits of the mines they control.

This was made possible, according
to this document, by a book-keeping
system which rendered the finances
of the coal company and the railroad
company practically one. Before
the end of the 19th century the rail-
road companies, either operating di-
rectly or through their coal companies,
had come into the ownership of over
90 per cent of the unmined anthra-
cite coal in the United States. The
roads established such high rates for
hauling coal that it became impossi-
ble for an independent coal company
to operate at a profit. The railroad
coal companies were then supported
on a basis of subsidies granted in one
the end of the 19th century the rail-
road companies.

The parent railroads carried the
bonds, made good losses, granted
working capital and in other ways
assisted the coal companies finan-
cially, either at low rates of interest or
without charge. The combination of
excessive transportation rates, with
the consequent coal company losses,
has furnished apparent justification
for high prices and low wages. The
resulting high rates have enabled the
anthracite railroads to pay dividends
far above those of the other railroads
of the country. The processes indicat-
ed, have resulted in concealing from
the public the high profits realized,
and enabled the corporations to show
margins which to all appearance are
no more than the average.

Such are some of the results of
railroad ownership of coal mines.

The public gets stung in low wages
Only the private owners profit.

UPSIDE DOWN

An eye is like a camera, with a lens
in front of focus rays of light in a
way that makes a clear "image" of
the object looked at upon a sensitive
film behind.

In the eye this film is called the
retina. But the image on it is up-
side down, and when people learn
this they often ask how it is ever
possible to see things in their right
position. What do they do to turn
the image back again?

This takes for granted that an im-
age exists to be looked at, much as
the ancient Greeks did when they
said that things were continually giv-
ing off intangible, ghostlike images
of themselves that were carried thru
the eye into the mind or soul behind it.

But the "image" in a camera (or on
a retina) is not a thing which can
lie passively anywhere to be exam-
ined. It is not a thing at all. To say
that a clear image is there means that
all the rays of light from each sepa-
rate part of the object fall upon ex-
actly the same spot in the film, no
matter which part of the lens they
came through. These rays of light
are vibrations of the ether, and they
are not there to be looked at—they
are doing work, breaking up the chemi-
cals they fall upon into new combina-
tions, so that when the film is devel-
oped and "fixed" there will be a dif-
ference between the places that they
struck and those that they did not.

In the retina the chemical changes
are rapidly neutralized, or the next
object could not affect it. But they
must last long enough to act on the

BRINGING UP FATHER.

little nerve endings connected with
each separate spot on the retina; and
thus they start a chain of action that
turns the eyes and perhaps the rest
of the body also towards the things
that "catch" them.

This turning is what counts the most
in locating objects or their different
parts.

Feelings of any sort are not meant
merely to be had. They are meant to
make one do something; and what
one does, or tries to do to things giv-
es far more knowledge of them than
any amount of purely passive sensa-
tion. One learns to know as well as
to do by doing.

Almost everybody in the world has
demonstrated to his own satisfaction
that the other fellow is to blame for
everything.

You may not believe that prices
will come down. A lot of folks didn't
believe Noah when he predicted rain.

The reported shortage of bristles
need worry nobody. The country
can clip the backs of its landlords.

Health Advice

Health Questions Will Be Answered

NURSING THE SICK.

The sick room should have two
windows so that it can be easily aired.
A narrow, high bed is better than a
broad, low one. The sheets should be
put on without wrinkles and should
be frequently changed. A rubber
sheet should be placed under the low-
er sheet if there is danger of soiling
the mattress.

When it is desired to put a sheet
under a patient, it should be rolled up
to half its width, the roll tucked
under the patient, the later turned
over on the unrolled portion, and the
sheet spread out.

A folded sheet called a drawsheet
is often placed under a patient's hips.
The nurse should wear clothes that
can be laundered and she should keep
herself scrupulously clean.

The patient should be given a
sponge bath once a day for cleanli-
ness and his mouth should be fre-
quently washed with a 4 per cent solu-
tion of boric acid. (5 teaspoons of
boric acid dissolved in a pint of warm
water.)

Cold baths are sometimes used to
lower the patient's temperature. The
bedclothes are thrown off and cloths
wrung out of cold water are applied to
his body, or he may be wrapped in a
sheet wrung out of cold water. A fan
may be employed to further cool
the patient or ice may be rubbed over
his skin.

When the temperature has been re-
duced, the bedclothes are again drawn
over the patient.

In some cases of kidney disease the
hot pack is efficacious; a cotton blan-
ket is wrung out of hot water, the
patient wrapped in it and the bet-
clothes immediately tucked around him.

A hot foot bath is sometimes of
service. A foot tub filled with hot
water is put beside the bed, add a
couple of teaspoons of mustard pre-
viously stirred to a uniform cream in
a cupful of hot water, place the pa-
tient's feet in the bath and keep
them there about 20 minutes. The
bath may be put in bed if the patient
is too sick to sit up.

Hot water bottles should never be
more than half filled and should al-
ways be wrapped in a piece of flannel
or blanket and never allow to come
in contact with the patient's skin.
Great care should be taken not to
burn the patient, a thing which may
easily happen if he is unconscious.

A CALL ON MUNCHIE MOUSE

The next person Tingaling went to
collect rent from in the Land-of-Dear
Knows-Where, was Mr. Munchie
Mouse, who lived down town in the
cellar of Maple-Tree Flats, and who
was janitor of the place collecting
garbage and so on.

Mrs. Munchie Mouse was the wash-
er and ironer for all the flats, too,
so between them they made a very
good living.

It was very convenient for the

family clothes in their basket, while
the coffee boiled.

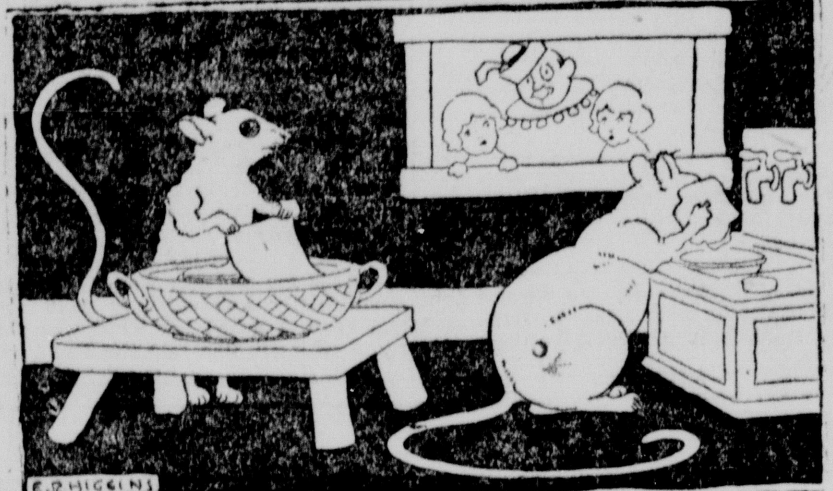

"Hello, Munchie," called the fairy
landlord through the window. "Rent-
day!"

"Why so it is," answered Munchie
rolling down his sleeves and opening
the door. "Come in, Mr. Tingaling,
won't you?"

"Company's with me," answered
the Fairyman.

"The more the merrier," answered
Munchie. "Bring 'em along."

So in they filed, including the Magi-

dwellers in Maple-Tree Apartments
to have the Mouses so near, and to
make things still nicer, a little dumb
waiter (elevator) ran up and down in-
side the tree, which carried garbage
cans and laundry-baskets, and furni-
ture when folks were moving in or
out.

When Tingaling and Nancy and
Nick arrived for the rent, carrying
the rent-book, and the large lead pen-
cil, Munchie was just washing up the
kitchen sink, getting ready to eat
his dinner, and Mrs. Munchie was
folding away the last of the Squirrel

cal Mushroom.

Mrs. Munchie put her laundry bas-
ket on the elevator and pulled the
rope. Thereupon the basket, eleva-
tor, and all went up, up and up, to
the Squirrel family's floor, where it
stopped, and the next thing they
heard was Mrs. Samantha dragging
the basket off.

"Now," said Mrs. Munchie untying
her apron, "come and sit down, folks,
while the cheese cakes are hot." Which
they all did, but where they
got cheese I'll never tell you, unless
it might be from the milkweed.

Puck is Life

BY O. B. JOYFUL

John Henry Work never had time
for play. He was everlastingly at it,
piling up a dollar now and another
then. Heaping it a bit higher this
day and that.

"Some day," he said, "I'm going
to knock off toil and take life easy."

He kept on grinding, and toiling,
and saving.

Seldom he looked up from the
grindstone.

But the time was coming, he prom-
ised himself, when he'd sit back and
watch the world spin round.

"Then I'll have time to do all the
things I wanted to do all my life, and
I won't have to do any of the things
I have to do today," he asserted.

The only hitch in John Henry

Work's program happened because
life was too short for its entire ex-
ecution, and John Henry lived longer
than most humans do. It wasn't
long enough for John Henry to get
to the play part. He had put it too
far down near the curtain.

Some of the distant relatives had
a fine time doing all the things John
figured on, resting, loafing, spending,
praying, traveling, taking life easy.

But, on the other hand, there was
Jerry Harry Shirk. He didn't like
to work. And he didn't.

"The world owes me a living," he
said, "and I'm going to collect it."

For a long time Jerry did collect.
His pa and ma, his wife and his
friends paid. Then he began paying.

"I take life easy," he explained,
"for when I'm dead, I'll be dead a
long time."

Certainly Jerry Harry never over-
worked the alarm clock, and the only
pay envelope that interested him was
somebody else's.

Jerry Harry Shirk's latest address
is No. 456, Poorhouse.

Sandy, The Half-crazy Sailor, Ap-
pears When the Intriguers Meet

So graphic were the letters from
our Honolulu correspondent that it was
not hard for us to picture that
strange meeting of German intriguers
and Russian financiers. It was a
most informal affair. They came to-
gether on the deck of "The Argen-
tine," went over the yacht on the
pretext of buying it, drank wine and
smoked under the gayly striped can-
opies. They certainly did not resem-
ble the popular conception of what
conspirators are like, wrote Daddy

casually discussed. He fancied that
the conspirators were not going to
betray themselves by the slightest
carelessness.

How the Americans were to come
by the political information they de-
sired became a puzzle and might have
remained so, except for the flowering
of the genius of Katherine Miller.

The Russian gentleman desired to
buy an American-built yacht?

Tres bien! The "Blue-Bird" was
for sale—at a price.

Word was sent to the bankers, who
came—and came again! Informal

tea was served on deck. Certels and
Don Manuel, Daddy and Archer joined

the party, Chrys, of course, was
hostess.

Chrys got out her ouija board—and
the Russian succumbed to this un-
expected lure. And one more nefar-
ious German scheme to reestablish
the power of the junker class came
to a sudden end.

Of course Katherine's plan couldn't
be worked out in a day, but it finally
had to be relied upon as the only
scheme which had a chance of suc-

ceeding. For Daddy Lorimer and
Archer were hopeless failures as de-
tectives. They hadn't a thing on the
conspirators. Although Daddy posed
as a blind man and Gene Archer
knew a dozen foreign tongues, while
pretending that he knew only English,
they were absolutely unable to obtain
the slightest hint of a political plot to
upset the peace of the world.

The party came to "The Blue Bird"
for tea—and ouija—several times that
week. And more than once Sandy
McCall, the half-crazy sailor appeared
on deck to repair an electric push-
button. Apparently the Scotchman
had picked up a fair understanding
of German and French for he glowered
upon the visitors in a way which
would caused Chrys to send him be-
low had she not known his mental
state.

The stay of the Russian at Hono-
lulu approached its end so far as the
Americans had been able to discover
they were only what they seemed, or-
dinary rich Russians glad to be away
from their own land in the time of
her travail, and anxious to purchase
a fine Yankee yacht.

At Katherine Miller's suggestion
Don Manuel arranged a final scene
for the entertainment of this friends
Up to this time the ouija board had
acted like a spoiled child. It had been
petty and pettish, and Chrys had lost
all patience with the results. She
said that the Russians, as well as Dr.
Certels and that they aroused the an-
tagonism of the controls! That was
why nothing important came from
the spirit world!

Katherine Miller, however, was
clever enough to supply a control at
which no one could scoff.

On the occasion of the last seance
she took the ouija board from Chrys
and became the medium. For a while
the little tripod wobbled about un-
decidedly. Katherine removed her
blazing rings and handed them to
Archer. She closed her eyes as if she
were "concentrating." After further
pretty plays at posing she stiffened
to her task and put this to Mrs. Oulga
"Is there not a spirit who wishes to
communicate with some one here?"

"Yes!" spelled the tripod or pointer
"Male or female?"

"Male!"

"Of what land?"

"Russia!"

"Spell the name the spirit used
when he lived on earth!"

In spite of themselves, the persons
about the ouija board leaned forward
and listened breathlessly.

FARMING HERE GOING FORWARD WITH THE SEASON

Secretary of Illinois Agricultural Ass'n Gives Report

By Associated Press Leased Wire
Chicago, Ill., July 15.—Reviewing the agricultural situation in Illinois, D. O. Thompson, secretary of the Illinois Agricultural Association, today summarized crop conditions and spoke of business organizations of the farmers.

"Illinois farming," Mr. Thompson said, "is going forward with the season. Backwardness of the spring; too wet followed by too dry; short labor supply, indifference too, at undreamed wages; extreme effort on the part of the farmer and his wife, left alone because the wages of the industries have drawn their boy and girl away from home; supplementing that effort with additional machinery bought at advanced prices; seeking opportunity to ship grain or market live stock at not too great a sacrifice in order that credit at the bank may not be impaired; expectantly seeking improved methods of cooperative marketing of the products of his soil and his sell, that he may be better paid and the toilers of the city be better fed—these are the things which characterize the season of 1920 in Illinois agriculture."

All Cooperating.

"Ninety thousand farmers of Illinois, members of eighty-four County Farm Bureaus, as members of the Illinois Agricultural Association. Each Farm Bureau maintains an office, usually at the County Seat, and each employs several high class practical farming experts with technical agricultural training."

The efforts of these men, directed by a board of Directors are devoted to promotion of improved, economical methods of crop and live stock pro-

duction; cooperative marketing through local elevators; live stock shippers' associations, pure bred breeders' associations, etc., of the products of the farms and co-operative purchasing of car lot supplies. Annual funds for this work, raised by membership dues, range in amount from \$6,000 to \$35,000 per county.

"In each county, the Farm Bureau office is the recognized, dominant force to which the farmers of each county look for leadership in developing Illinois farming conditions. Ninety thousand farmers uniting in County Farm Bureaus and the Illinois Agricultural Association, assembling a fund of a million and a half dollars of their own money, to promote economical production and profitable marketing, mean what they say when they adopt the slogan 'Organized for Business.' This is the great new note in Illinois farming that makes it different from seasons past."

COMPTON.

Gust Miller and niece, Miss Nina Miller, left Tuesday morning for points in Iowa where they will visit among friends for a week or two.

Miss Marie Krings was in Mendota Tuesday, being called there on account of the funeral of a relative of Miss Krings.

Word has just been received from Robert Anglemier, who has been employed by the government as an assistant National Bank Examiner, for almost one year, that he has accepted a very desirable position as head bookkeeper in a large bank at Pontiac, Mich., at a very attractive salary. Friends of Robert will be pleased to hear of his advancement which is a characteristic that belongs to most of the Compton boys.

The situation in the grain market here has eased up to some extent during the last week and J. W. Banks has been able to get enough cars to handle the grain as fast as it was brought in. Those who have shelled and delivered corn to market here during the last week are: Jos. Schweiger, B. A. Hartley, Andrew Little, J. E. Bauer, Harry Bauer, P. J. Stein, George Kramer, Gilbert Stein, Wm. Bettner and A. W. Chandler.

Harry Geiger and family, of Peru, were guests at the L. W. Kutter home the latter part of the week.

Oscar Scroggins and wife, of Mt. Pulaski and who were recently mar-

ried there were spending part of their honeymoon visiting at the home of Roy Tribbett. Mrs. Scroggins is a sister of Roy and John Tribbett of this place. On Saturday afternoon Mr. and Mrs. Scroggins were entertained at luncheon by Mrs. Daisy Tribbett at the home of W. H. Dishong.

August Goebel and family, of Mendota, visited at the home of Mr. and Mrs. L. W. Kutter Sunday.

The Brooklyn Lutheran church have completed the installation of a new pipe organ and will hold dedicatory services at the church Sunday. In the evening a concert will be given. The program is not obtainable at the present time but it is understood that some exceptionally good musical talent will be there.

H. L. Carnahan left Sunday morning for his work at Centralia, Ill., after having spent several days with his family here.

Stanley M. Banks, who has been in charge of the grain business here while his father was in California has made known his intention of leaving in about a week for Los Angeles, Cal. He and his wife will make the trip by auto with the intention of making that their future home. The people of Compton will hate at loose such valued and esteemed citizens as Mr. and Mrs. Banks. Their social activities, their musical talent and their work in the lodges and churches will be greatly missed. Mr. Banks was elected mayor of the village last spring. They will have the best wishes of their many friends in their new venture.

Mr. and Mrs. A. J. Bernardin, Chas. Stout and family, Elizabeth Buck, W. H. Dishong and family, and Chris July and family spent Sunday picnicking and fishing at White Rock.

John S. Archer was in Chicago on Tuesday on business.

Mrs. W. A. Webber returned from the hospital at Rochelle Wednesday.

John M. Sterling, of Dixon, was calling on friends here Tuesday.

W. A. Webber was in Amboy Sunday and took dinner at the Wm. A. Leach home Sunday evening.

Mr. and Mrs. Becker, Miss Becker and Miss Stuppert were callers at the C. L. Ogilvie home Sunday.

Mrs. Elizabeth Buck, Mrs. E. M. Card and Mrs. Nellie Bernardin spent Friday in Paw Paw.

Ed. Hefner and wife, of West Brooklyn were shopping in town

Tuesday. Ed. reports that the corn crop in his neighborhood is looking very fine.

Mrs. Kate Baer, of Rock Island, and Mrs. Amelia Kaufman, of Mendota, are visiting at the home of their brothers, Conrad and Geo. Zimmerman. L. H. Lutz shipped a car load of stock to the city market in the name of the Lee County Shippers' association.

Road Commissioner John Fassig, of West Brooklyn, has been looking after highways in his vicinity for some time and many needed improvements are being cared for in the way of new bridges, grading etc.

W. N. Hills and family visited at the home of J. F. Betz Sunday.

Glen Clemens, who is employed in Chicago is spending a week's vacation with his parents here.

Mrs. W. N. Hills left Tuesday evening for Chumerton, Kas., where she will look after her farm interests there.

E. M. Card was visiting friends in Watertown Saturday.

S. O. Agraves and wife left Tuesday morning for Manitowish, Wis., where they will spend the summer months at their new home there. He shipped a supply of household goods a short time ago and he expects to arrive there as soon as they do. He is located near a bunch of lakes where the fishing is very fine and will no doubt be able to give any of his friends who may visit him this summer a lesson in landing the musky.

Prof. White, of Naperville, who was pastor of the Methodist church here last year is spending a few days visiting at the home of J. S. Richardson. Mrs. Georgia Miller, of Waukegan, is visiting at the home of her sister, Mrs. Edna Coe.

Miss Frieda Kutter and Miss Heather Merriman spent the day in Paw Paw, Saturday.

Freddie Paine suffered a broken arm Friday as the result of cranking a Ford. This is the second accident of this kind within a week.—J. F.

MANY AMATEUR AVIATORS USE PLANES DAILY

Hundreds of Business Men Flying to and From Work

By Associated Press Leased Wire

New York, July 16.—About 100 business men scattered throughout the United States more or less regularly fly in airplanes between their homes in the country, at the mountains or the shore to their city offices, according to an estimate of the Manufacturers Aircraft Association. The number of itinerant aerial "taxi-drivers," who carry passengers on short but remunerative flights is placed at some 300.

"There is a steadily increasing demand for aircraft of the commercial type," says a report made to the as-

sociation, "but, contrary to some published reports, the demand does not equal the supply. Factories now in operation in the United States could construct ten times the number of aircraft which optimists estimate would be required this year."

A trip throughout the country taken by representatives of the association revealed some interesting uses to which aircraft are being put. "In Seattle during the tourist season," the investigators reported, "a passenger airplane makes daily runs over and around Mount Rainier, flying at 20,000 feet, some 5,000 feet above the mountain."

"At the Santa Barbara seaside resort a flying boat is in daily operation over the channel, two of its most interesting passengers during the early part of this year having been the King and Queen of Belgium. Regular flights are being conducted over Southern California with a baby blimp."

"There is considerable agitation for an extension of the aerial forest patrol of California, which has been in-

ONE AMERICAN KILLED IN RED POLISH BATTLE

Another Yank Missing; Ohio Woman is Near Vilna

By Associated Press Leased Wire
Warsaw, July 15.—One American has been killed and another is missing in the battle between the Poles and Russian Bolsheviks in the region of Minsk, according to reports. Alexander Uczewek of Chicago, Ill., an American Y. M. C. A. worker with the Polish army, was shot and killed by a Bolshevik in a Polish uniform while Captain Merion Cooper of Jacksonville, Fla., has been missing for four days since starting an airplane reconnaissance.

Uczewek was loading ammunition supplies to be taken to the rear when he was killed. Captain Cooper, a member of the Kosciuszko squadron, was recently mentioned as the successor of Major General Fontenay as commander of that famous body of aviators.

Deny Peru Aided Bolivian Rebels

Buenos Aires, July 15.—Dr. Jose Maria Escalier, chief of the Republican party of Bolivia, today received a telegram from Batista Savadera, the new provisional president of that country, notifying him he had been appointed a member of the advisory junta of the Bolivian provisional. Dr. Escalier announced during the day he would depart for Lapaz on Friday. Reports that Peru aided the Bolivian revolutionists have been denied here, but Dr. Escalier denied them today.

CENSORSHIP HOLDS

SLASHES SKIN FROM SELF TO GRAFT ON WIFE

DR. AND MRS. ORLANDO P. SCOTT.

By Edward M. Thierry.
N. E. A. Staff Correspondent.

Chicago.—Dr. Orlando P. Scott cut 12 square inches of skin from his thigh and grafted it on his wife's foot and ankle. He performed the amazing double operation himself, without even a local anesthetic, in the American hospital here, while physicians, internes and nurses looked on with admiration. "Hurt? I'll say it did!" Dr. Scott said, when he had recovered from a fainting spell following the operation, and sat calmly smoking a cigar.

Mrs. Scott was hurt in an automobile accident. Her right leg was broken in five places and flesh was stripped from it. She refused to have a stranger operate. Skin-grafting was decided on to avoid amputation.

Eighteen Nations in Olympic Games

By Associated Press Leased Wire
Antwerp, July 15.—Entry lists for the athlete events in the Olympiad which closed yesterday show only eighteen countries contesting. Acceptances, however, were received from several others, whose lists have not arrived.

It is the general opinion in Olympic circles that the rule calling for the closing of the entries one month before the events take place will not be too closely enforced.

The nations listed to date are Canada, Chile, Egypt, Denmark, Spain, the United States, Finland, Greece, Holland, Italy, Luxembourg, Poland, South Africa, Sweden, Switzerland, Zeccho-Slovakia and Esthonia.

QUIT TOBACCO

So Easy to Drop Cigarette, Cigar, or Chewing Habit.

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarets; therefore is thoroughly reliable.

FARMER CHARGED WITH BEATING TO TO DEATH

Defiance—Joshua Botkins, 50, farmer, is facing a first-degree murder charge, and the lynching spirit is flaring in Defiance-co.

On July 9, it is charged, Botkins beat Arthur Bullock, 3 year old son of his housekeeper, so terribly that the tot died within a few hours while his mother administered restoratives. Botkins was lodged in jail here and

precautions are being taken against a possible attempt at violence. Mrs. Bullock is about to become a mother again, doctors say, and Botkins says he had promised to marry her.

Attorney Martin Gannon spent Wednesday in Lee Center, West Brooklyn, Compton and Amboy. Thursday he was in Pawpaw and Lee in the interests of his campaign for state's attorney.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

NOTICE TO CONTRACTORS

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed "Proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer, with manholes and house connection laterals in Seventh Street, in the City of Dixon, Illinois," as provided for in Local Improvement Ordinance Number 197, Series of 1920, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until 8:30 o'clock p. m., July 20, 1920, and will be publicly opened by the Mayor of said City of Dixon, (who is the president of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon, at 8:30 o'clock in the evening on the 20th day of July, A. D. 1920.

Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain open until the expiration of 48 hours after the expiration of the time for the receipt of bids, at which time the Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is for the construction of 417 feet of vitrified tile pipe sewer, with manholes of three feet internal diameter with gutter tile inverts, cast iron covers, iron steps and eight inch walls, of brick, in header courses and plastered on the outside. 450 linear feet of No. 1 eight inch sewer pipe (laid with cement mortar joints); 220 linear feet of No. 1 six inch sewer pipe (laid with cement mortar joints); and 10 per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the president of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon, in the sum of \$500.00, to be made payable to the order of the president of the Board of Local Improvements, in his official capacity.

A bond equal to the amount of the bid will be required, conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made on blanks which will be furnished bidders at the City Clerk's office.

Payment for the work for which said tenders are invited is to be made in cash or bonds payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, in the sum of \$500.00, to be made payable to the order of the president of the Board of Local Improvements, in his official capacity.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

The Council of the City of Dixon, Illinois. The Board of Local Improvements of the City of Dixon, Illinois.

Robert H. Scott, their attorney, 16619.

Sealed proposals addressed to the Board of Local Improvements and the Council of the City of Dixon, Illinois, and endorsed "Proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer, with manholes and house connection laterals in Seventh Street, in the City of Dixon, Illinois," as provided for in Local Improvement Ordinance Number 197, Series of 1920, of said City of Dixon, will be received by the Board of Local Improvements and the Council of the City of Dixon, until 8:30 o'clock p. m., July 20, 1920, and will be publicly opened by the Mayor of said City of Dixon, (who is the president of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon, at 8:30 o'clock in the evening on the 20th day of July, A. D. 1920.

Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain open until the expiration of 48 hours after the expiration of the time for the receipt of bids, at which time the Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is for the construction of 417 feet of vitrified tile pipe sewer, with manholes of three feet internal diameter with gutter tile inverts, cast iron covers, iron steps and eight inch walls, of brick, in header courses and plastered on the outside. 450 linear feet of No. 1 eight inch sewer pipe (laid with cement mortar joints); 220 linear feet of No. 1 six inch sewer pipe (laid with cement mortar joints); and 10 per cent of the aggregate of such proposals. All certified checks must be drawn on some responsible bank and must be payable to the order of the president of the Board of Local Improvements, in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of such check or cash to the successful bidder being conditioned upon his appearance within fifteen days after having been notified of the award having been made to him or them, accompanied by a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon, in the sum of \$500.00, to be made payable to the order of the president of the Board of Local Improvements, in his official capacity.

A bond equal to the amount of the bid will be required, conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and the Council of said City of Dixon. All proposals must be made on blanks which will be furnished bidders at the City Clerk's office.

Payment for the work for which said tenders are invited is to be made in cash or bonds payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon, in the sum of \$500.00, to be made payable to the order of the president of the Board of Local Improvements, in his official capacity.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois, this 7th day of July, A. D. 1920.

EXPLAINS BENEFIT OF HIGH-BACK PEWS

London.—High-backed pews were not instruments of torture but of convenience, M. Macartney, "surveyor to the fabric of St. Paul's," has discovered. "In the days when sermons were three hours long the high back were needed to keep the congregation warm," he explains.

NEGROES START RACE WAR OF THEIR OWN

Des Moines.—Five Negroes here started a race war all their own. They hurled bricks at the houses of white people. When his house fell under the bombardment, P. Pigeon rushed

out and frightened them away. Cops arrived but the armistice was on and the Negroes had gone.

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3, 30x3 1/2 and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in waterproof bag \$4.50
